

Catalog Directions: Finding Available books

Keywords:

Hardcopies = audio books that can be sent in the mail

Digital Book (DB) = a book in digital format either on hardcopy or for download

Cassette (RC) = an actual magnetic cassette tape that requires manual FWD and RWD

**Note: RC or cassettes are being phased out of use, more than likely you will be looking for DB, digital books, in hardcopy.

Getting Started:

If you want to order books directly from the online catalog you must first sign in to your account. If you do not know your username and password please contact the library for further direction.

If you are not logged in to your account and you try to place books in your basket to order you will see a screen like this with a green exclamation mark telling you to log in.

#	Title Information	Alerts	Action	Download Links
1.	Harry Potter y la Cámara Secreta Rowling, J. K. RC050989 2 sound cassettes (C-90) : 1999 Cassette	Log in to see alertsRush	Remove	
2.	The preacher's daughter Lewis, Beverly.	Log in to see alertsRush	Remove	

Once you are logged in your book basket may show some alerts letting you know that the book you are ordering may not be what you are expecting.

These alerts indicate things like reading level discrepancies, or that the title is in a foreign language, you should decide if these alerts affect your reading of the book.

The most important alert will be about book format. If there is an alert that says “Download Only” or “Cassette” format then you will need to look for the book in DB format instead (see directions below).

Finding Books:

When looking through our [catalog](#) and after typing in a search term like author's name you will want to do the following:

Click on the words **Hardcopies Available** on the left hand filter menu as seen in the image below.

The screenshot shows a library catalog search results page. On the left, there is a sidebar with various filters. One of the filters, "Availability", has two options: "Downloadable" (10 items) and "Hardcopies available" (10 items). A red arrow points to the "Hardcopies available" link. The main area is titled "Search Results" and shows "Page 1 of 1 with 17 total results". It displays a list of books by Mitchard, Jacquelyn, including "The deep end of the ocean" and "Twelve times blessed : : a novel". Each book entry includes the title, author, ID, length, year, and status (e.g., Download Only, Downloadable talking book).
